## Edit My Squad

If coach clicks view/edit my squad, this screen opens if the coach has been assigned to a squad. The table will display each player in the squad's name, position, SRU number, average passing, average tackling, and average kicking ratings. The coach can select a player of the same type as their team(junior or senior) that is not already in another squad and can add them to the squad. The coach can also select a player within their squad and remove them from the squad, keeping the player in the system but making them available to add to another club. The coach can also click menu to return back to coach menu if they do not wish to add a user.
